February 17, 2006

The Miami Boat Show began yesterday, and our Southeast Sales Representatives, U.S. Marine Marketing, in conjunction with two of our Lectrotab distributors, are exhibiting our trim tabs to the retail market. Mr. Crews attended the opening day of the show, while the rest of our team continued with steady production and sales efforts here in Richmond.

With the 2006 Winter Olympic Games underway in Italy, we take this opportunity to wish good luck to the athletes that are representing their home countries. It's nice to know that every four years the world can share in an event that promotes sportsmanship and pride. Here at Lectrotab, we note with interest the venue where the speed skating competitions are taking place. The indoor skating rink is referred to as the "Oval". Perhaps the popularity of our trim tab controller in Europe has everyone thinking "Oval". Something to think about...

Regarding new sales, we just received a very nice stocking order from Allpa Marine in Holland. We are working diligently to complete the order and have it ready for shipment by the end of next week. Thank you for the order, it is greatly appreciated.

Next issue is Friday, March 3rd, so let us hear from you in the meantime. Use mailcall@lectrotab.com for your reply. Our responses will be quick.

Best Regards,

Lectrotab Sales
